Ballot Clerk,	Ballot Judge,

by Val Niehaus

The last time an FCP Associate Judge was sworn in was Dec. 17, 2017. The term for this position is six years, and it just so happens that this year, on Dec. 17, 2023, swearing-in happened again exactly to the day.

FCP Associate Judge Angela Moe was re-elected to serve another six-year term for her tribe, and she couldn't be more pleased with being able to pursue this position again.

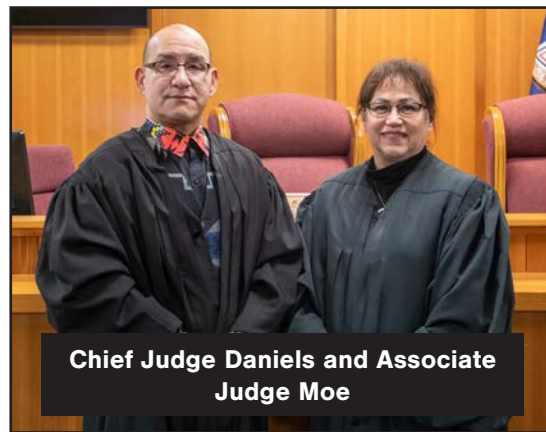

FCP Chief Judge Christian Daniels spoke to those in attendance before the actual swearing-in took place. He said, "The work we do here isn't always easy. We deal with many community families, and sometimes, our decisions aren't always agreeable to people. But we always look at the individual's best interest and pray we have made the right decision."

Judge Daniels then asked Ned Daniels III to say a prayer for those present and for Judge Moe as she

enters her next term. After the prayer, it was time for Judge Moe to be sworn in for her next six-year term by Judge Daniels.

Once sworn in, Judge Moe said, "I am very thankful to be re-elected for another term. This isn't an easy position to hold, but I will do my best to make clear decisions and do what is best for the individuals that come before me."

Congratulations to Judge Moe from us here at Potawatomi Times.

Chief Judge Daniels and Associate Judge Moe

Snowflake Lady

by Amber Haseman

A new seasonal visitor made her appearance on campus and other FCP locations throughout the month of December. Her name is Goneskwe, "Snowflake Lady." She is an indigenous representation of Elf on the

Shelf. You may have seen her on the community Facebook page. She is dressed in beautiful indigenous clothing, with traditional braided locks, a Santa hat with feathers, a white hide coat, brown leather pants and warm fur boots. Each night, her job was to report back to Santa to tell him if you've been naughty or nice.

Goneskwe visited many on her trip from the North Pole. Her first stop was the Potawatomi Casino Hotel Carter to test her luck. Her next stop was Bodwewadmi Ktëgan (Potawatomi Farm) to try out their delicious maple syrup. She may have enjoyed it a little much and emptied the bottle! The shenanigans didn't stop there. She visited the cows at the farm and saw a glimpse of Rudolph in the distance.

Goneskwe spent a second day at the casino and made sure she brought her magic elf dust this time. A trip from the North Pole wouldn't be the same without visiting the children.

She stopped at Gte Ga Nes Preschool to remind the children that if they wanted to stay on Santa's nice list, they must spread kindness everywhere they go, always listen to their parents and teachers, and be sure to leave milk and cookies out for Santa.

Goneskwe stopped in the Health & Wellness Center to remind everyone the importance of prioritizing their health and well-being as we all know it's the season for sweets and treats. With that in mind, she made a visit to the dentist for a cleaning. While her eyesight is keen, she decided to check out the optical department to try out some glasses. She really had her eyes on the Gucci and Calvin Klein brands.

With only a few days left of her elf duties, Goneskwe made sure to visit just a couple more locations. She reminisced old photographs of tribal ancestors at the Health & Wellness Center and visited the casino one last time before returning to the North Pole for the season. Her magic elf dust finally worked! She left the casino \$900 richer just in time for Christmas.

This was Goneskwe's first year visiting the FCP Community. She felt very welcome and made an impact on those around her. She captured the smiles of many and ensured everyone would be on Santa's nice list for Christmas this year. Although her elf duties are complete for the season, make sure to keep an eye out for her next year.

Christmas Party

by Val Niehaus

The annual FCP Community Christmas Party was held on Dec. 16, 2023, at the Potawatomi Community Center. This was open to FCP tribal members, descendants and their families.

The Community Center staff went over the top decorating the gym area, and in addition to this décor, the outdoor Christmas lights were fabulous to incorporate into this year's festivity for families to walk through.

Along with the decorations, the

kitchen staff prepared a great meal of beef tips over noodles, ham, green beans, mashed potatoes, and some tasty desserts to fill everyone's bellies.

Santa and Mrs. Claus also visited, posing for special photos with the children and families.

This party is always a memorable time and serves as a great way for the community members to celebrate together on one night. Thanks again to all the cooks and staff who helped make this night so magical!

Brown Brothers Racing Off To A Good Start

Turn Your Engine OFF!

submitted by Environmental Educator Leah Bell

How Idling Affects...

The Environment

- Climate change is real! Ice caps ARE melting, weather events are more intense, polar bears are drowning, tropical reefs are dying.
- Green house gases like carbon dioxide result from burning fossil fuels, such as gasoline.
- We MUST do EVERYTHING possible NOW to slow global warming. Turning offff your engine is one BIG step.
- CO2 emissions from vehicles accounts for 1/3 of green house gases contributing to global warming.
- One gallon of gasoline produces

nearly two pounds (1.94) of carbon dioxide and other green house gases!

Your Budget/Savings

- Idling gets ZERO miles per gallon.
- Idling is not an effff ective way to warm up your engine, even in cold weather.
- Unnecessary idling wastes fuel, costs you money, and pollutes the air.
- Frequent restarting has little impact on engine components, like the battery and the starter motor.
- More than 30 seconds of idling uses more fuel than restarting the engine.

The first national and regional race of the season for Brown Brothers Racing was held on Dec. 15-16, 2023, at Mt. Zion Ski Hill in Iron Mountain, Mich. Even though it was more of a mud race than a snow race, the racing team did well.

Janiece Brown took 1st in Pro Women's, Hailey Brown rode in Junior's (14-17) and came away with 1st place and 3rd in Pro Women's. Larsen Brown took 3rd in Juniors (14-15), and Jordan Wolfe took 1st in Pro-Am.

Congratulations to you all, and we look forward to seeing what happens in the near future. We will pray for snow as well.

Their next national tour race is the Pirtek Snocross National race, scheduled for Jan. 12-13, 2024, at Canterbury Park Shakopee, Minn.

Jeff Johnson Joins PBDC as COO, Commercial Group

fireside MARKET Menu Testing at PBDC

submitted by PBDC

PBDC is excited to announce that Jeff Johnson is joining the team as Chief Operating Officer, Commercial Group. Johnson has served as the Vice-Chair on the PBDC Board since Dec. 2020, and has stepped down from that position to join the team full-time. Alexis Harris will now serve as the Vice-Chair of the PBDC Board. Johnson will play a crucial role on the executive leadership team, overseeing strategic operations and driving growth-related activities for our commercial businesses. Johnson will oversee the Sagewind and Greenfire businesses. He will also collaborate across the organization to help us operate effectively, efficiently, and profitably. Johnson is a proud,

enrolled member of the Forest County Potawatomi Community.

Johnson has owned and operated J.W. Johnson & Associates, Inc., a certified small professional services business offering civil engineering and construction management services in DeForest, Wis. During his 25+ years in the industry, he has been responsible for the construction management of a wide variety of land development and heavy civil projects valued at over \$1.5B throughout the country.

Johnson is also active in Indian Country, serving on the Board of the American Indian Chamber of Wisconsin. For nine years, he served on the Board of the Wisconsin Native Loan Fund—a Native Community Development Financial Institution located in Lac du Flambeau, Wis. During his tenure, he served as Board Chair and Interim CEO. Johnson has also provided small business capacity building for Native-owned construction firms with the Wisconsin Department of Transportation.

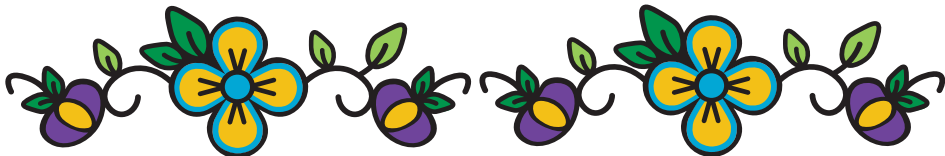

“We’re thrilled to have Jeff join us on the PBDC leadership team,” said Kip Ritchie, CEO, PBDC. “He brings expertise in construction, engineering and operations and I’m confident he’ll make immediate contributions overseeing Greenfire and Sagewind. And as an enrolled FCP tribal member, his voice and leadership will be valuable to our entire team.”

On Dec. 19, 2023, the fireside MARKET team hosted a lunch for PBDC employees featuring signature items the culinary team plans to have in the new fireside MARKET store. This team has been working hard to prepare for the launch of a new fireside MARKET in southeastern Wisconsin, targeting the end of 2024 or early 2025. Holly Wallin joined the fireside team this summer as the Food Service Director, bringing over 25 years in the food-service industry. She has partnered with vendors to plan the kitchen and menu as a key differentia-

tor for fireside MARKET, focusing on made-to-order, fresh food. The team sampled a signature stew with beef and vegetarian options and a harvest salad with homemade dressings. The goal of the lunch was to show the PBDC team the early stages of the menu planning and get feedback. The team really enjoyed learning more, providing feedback, and tasting the delicious food. The menu will continue to evolve as the team prepares to launch. We look forward to refining a special fresh menu that will be a decisive factor for the fireside MARKET.
