PH: (715) 478-7269 • Fax: (715) 478-4895

To ensure a more accurate account of all FCP property and tribal capital assets, and to be in compliance of the federal regulations, we were established in 1999. We follow the Government Accounting Standard Board (GASB) guidelines. By federal law, all purchases over \$5,000 are to be maintained in an auditing/inventory control system. Tribal resolution requires that all purchases over \$1,000 be tracked in the same fashion. Once Purchasing has placed an order, a copy of the purchase order is given to us. When orders arrive, we verify the information on the purchase order to ensure that all items ordered have been received and are in good condition. Items over \$1,000 are then tagged and entered into our tracking system prior to being delivered to the requesting department. Our department also calculates depreciation for each tribal asset.
